Regular Savings Accounts keep your money safe - earning dividends - and ready for use. Deposits made by the 10th of the month earn interest from the first

Special Notice Accounts, designed for long-range savings, earn up to ½% more than regular savings accounts. Ninety days notice in writing is required for any withdrawal.

Term Deposit Certificates . . . the latest addition to the SIS family of savings plans. Either the one or two year Certificates (currently paying a guaranteed 5¼% and 6% respectively are now available. As with all SIS accounts dividends are paid and compounded quarterly.

On-The-Job Savings Accounts offer employees of any cooperating firm a voluntary, systematic savings plan by payroll deduction.

School Savings Accounts for which this bank had provided facilities since 1890 are a vital part of the thrift education program in most Springfield schools.

Christmas and Vacation Clubs provide a systematic way to save with a handy coupon book to remind you. No charge for opening clubs, and completed clubs earn interest.

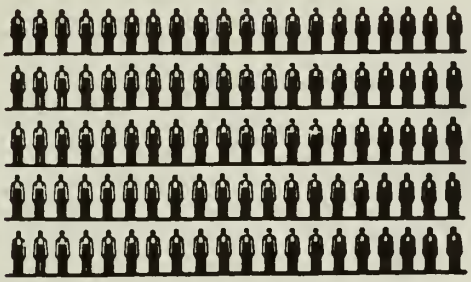
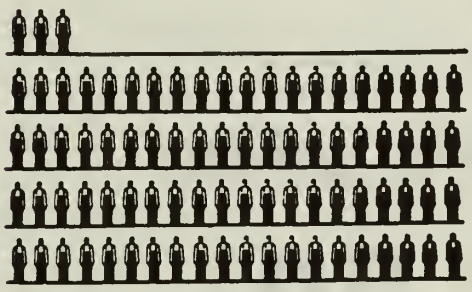
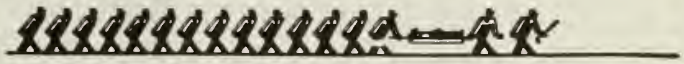
HOW MANY CHANGES IN A YEAR?

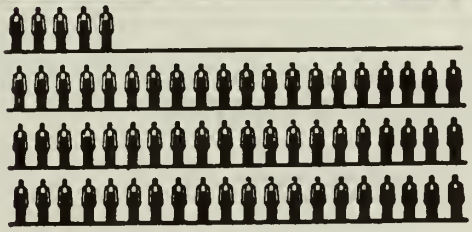


Out of every **100** People as listed in the last Directory





16% to **18%** Move away or die



17% to **19%** "New" people move into town or reach listing age.

(All that's left that's good)

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

STOP OR GO!

Red means Stop—Green means Go. Your ad in the Directory is the Green signal to Go—and the results will be a Green light all along the way.

NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear".

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
